SOBA, Authentic Buckwheat Noodle, Cuisine
Ogikubo, Tokyo
Since 1924

We welcome you to Honmura An.

We specialize in authentic SOBA, the buckwheat noodle, cuisine.

We start from the grinding: we grind the superior quality of domestic buckwheat into flowers by stone-mill, and make fresh hand-made SOBA everyday on our premises. We make rough-ground buckwheat and little amount of flours are added for adhering, so our noodles are shorter, yet have more SOBA's subtle flavor.

SOBA provide with abundant nourishment, vitamins and proteins. Moreover, Soba have an action of decreasing the cholesterol level in blood. They are quite ideal articles of diets.

Enjoy SOBA?

SOBA-YU, hot water that the noodles were boiled in, has served before you finish SOBA in a red squared pot

called YU-TOH.

SOBA-YU includes lots of vitamins and nutrients in which are water-soluble. By drinking SOBA-YU, you nearly get SOBA's presentatibe effects.

After you finish eating SOBA, you can add some SOBA-YU into your remaining dipping sauce.

Or you can mix it with some hot soup remained in your cup, called SOBA-CHOKO.

The rate of blending SOBA-YU (not salty) and the sauce or soup makes a differece on the taste.

Find your best rate and enjoy it.
